> <br> Hi. My name is Linear Cannon. I live with Mag Launcher and his butler Gre Nade, at the House of Launcher. I appeared there one day, when Mag's father brought me there. It was rainy, and I stood on the door step, holding a letter for his son. It read-

\_You Must Protect this girl,

> Linear, untill I return<br> \_\_\_\_

> <font>

I could see the horror, yet calm in Mag's face as he read the letter, and then saw me. And from that day forward, I lived with Mag.

> <br> We've been through rough times, like the whle 8th Empire fiasco with Prince Eugine, that lecher, and now, this commotion going on with a young boy named Yurka. I like him, for some odd reason, but I like, no I love Mag Launcher.... it's so hard. Who do I choose? I have to decide soon.... who my heart belongs too..... Personally, I think Chain Gun, Evolutia bless her, wants me to choose Yurka, so she can have Mag.

> <br> She likes him, I can tell.

> <br> Do I feel threatened?

> <br> No, just some competition.

> <br> I like that in a way.

> <br> But, moving on, I feel... different to others... like I'm not human. I'm right, I'm not. (\_Author's Note- HUGE SPOILER!!! READ AT OWN RISK\_) I AM Evolutia, the holy artifact that the House of Launcher, and others were searching for. I showed that after the fight with Prince Eugine.... perhaps that is why Yurka likes me... I may never know. It's funny... me being a powerful CyFrame in the body of a young, 17 year old girl, yet, quiet and all.... don't you agree?

> <br> Evolutia.... how did I become that? It's so long, yet so confusing, and so blurry..... sigh.... A firey, angelic bird.... beautiful, yet deadly.... ohhh....

> <br> Well, I know this is short, but I have to go on an adventure with Mag and Pepper Box. I will write in you later journal.

> <br> -Linear Cannon

> -----<br> \_I write short stuff eh? I'm not a long writer. I hope this influences you to play Evolution- World of Sacred Device, and the upcomming Far off Promise- Evolution 2. Bye!\_
